Redefining Farm Management™

Option A: Chore-Time PigCentral™ Control

Chore-Time PigCentral™ Control has an integrated built-in feature that provides easy feeding management and includes the ability to automatically pull sow balls for the drop feeders. There is a process log to troubleshoot mechanical problems and remote start capability for extra feedings. There is also the ability to manage and operate barns remotely and send alarm notifications automatically.

Contact your PigTek Sales Rep for a price quote today.

Option B: Chore-Time's Chain Disc Control

Chore-Time Chain Disc Control is an economical control option and easy to use. There is the ability to be used with or without a soft start. The control is simple to setup and has the ability to switch feed bins if setup with two feed lines. It also can automatically pull sow balls for the drop feeders.

- . Touchscreen Display
- . 24 Time Clocks
- . Can activate and dump sow boxes
- . 1 Minute Delay on Fill Line to allow the system to purge
- . Ability to control 2 different fill lines

Chore-Time Chain Disc Control – Direct Metra Replacement

This control would hook directly to the soft start and can be ordered with a soft start.

Item Number: PT4002-1

List Price: \$1,995.00

Redefining Farm Management™

Chore-Time Chain Disc Control

This control does not require a soft start and should be hooked directly to a contactor.

Item Number: PT4002-2
List Price: \$1,995.00

Optional Contactor Box: 24392-X
24392-1 List Price: \$152.32
24392-2 List Price: \$204.20
24392-3 List Price: \$322.29
