

SHELF FEEDER

WEAN-FINISH | WET OR DRY

- › Made of stainless steel.
- › Strong bolt-together construction.
- › Feeding shelf enabling access to dry feed.
- › Stainless steel water nipples under the shelf – mix feed and water in the trough.
- › Wean-finish design in one feeder – special removable inserts lowering the feeding shelf for small animals.
- › Precise and durable feed flow adjustment.
- › Trough edge helps prevent feed waste.
- › Vertical dividers between feeding places, less stress for animals.

HERE FOR YOU™

INNOVATIVE SUSTAINABLE SOLUTIONS

For years, farmers have counted on PigTek and Chore-Time for reliable, quality hog management systems. That focus on providing dependability has led to technological advances and expansion through the years, resulting in a full line of hog systems and technology-based solutions that are available today.

Whether you are a farmer or an integrator, you will find the quality you have come to expect and the trusted integrity you deserve.
